**WHO'S THIS WOMAN?**

The New York Police are trying to find the identity of "Mrs. Everett," a woman who is said to be the mother of a young woman registered at the Grand Hotel.

New York, May 10.—(Special.)—Mrs. Everett, of Boston, who is a question of the police and press of the city, is trying to find out who she is.

She was a little brunette, who might be 25 years of age, and who was 5' 2" high. She had laughing, blue eyes of rare lustrous, wavy hair, that was black as jet, a white transparent skin and lips that were parted in an almost continuous smile, revealing small, even teeth.

Her dress was a short waist of iron velvet, with an Antislip collar, trimmed with rich white lace, fastened at the neck with a brooch of gold and diamonds, and which was set with small diamonds.

Her dress was of iron velvet, with an Antislip collar, trimmed with rich white lace, fastened at the neck with a brooch of gold and diamonds, and which was set with small diamonds.

The deceased was added to the use of cocaine, and for some time a loaded revolver in the store, much to the discomfort of his clerk and customers.

Holmes was a nephew of C. B. Holmes, a well-known physician, and a brother, N. F., who is a traveler.

His death will have an effect on the family, and it is expected that Tuesday afternoon at 2 o'clock.

**A CONDUCTOR'S DEATH**

John W. Sedgwick, a conductor employed by the Great Eastern Railway, died in the General Hospital shortly before noon yesterday, as a result of an overdose of medicine administered by himself. Deceased was 25 years of age and has not been enjoying good health lately. He was a patient in the General Hospital for some time, and has not been since.

He was found dead in his room at 11:40 yesterday morning, he was found dead in his room at 11:40 yesterday morning, he was found dead in his room at 11:40 yesterday morning.

Dr. C. N. and Dr. H. McCall were immediately summoned and decided that Sedgwick showed signs of morphia poisoning. After working him for some time, they decided that it was best that he be removed to the General Hospital.

The dead body in which Sedgwick was found, an empty bottle of morphia was found. It came from the Osgood Pharmacy and had contained morphia. The bottle was found in the room of the deceased, and it is presumed that a spark from the fire had caused the morphia to be taken out of the bottle.

Dr. F. Sedgwick, a brother, who is a conductor on the T.B.R., accompanied him to the police ambulance to the hospital, but notwithstanding the strenuous efforts of the hospital, the unfortunate fellow succumbed an hour after he had been admitted to the institution.

**GOD SAVE THE QUEEN.**

**MASS MEETING OF CONSERVATIVES**

At Alberta Hall on Thursday, May 14th, at 7:30 p.m., for organization. All friends and supporters of the Dominion Government are invited to attend.

**Daily Intelligencer.**

**THE CONSERVATIVE KEYSTONE.**

We submit as an axiom, which cannot be gainsaid or controverted, that our national industries must perish without adequate protection, says the London Free Press. The declaration of this position by the Conservative party in 1878, and its advocacy ever since was in the main Rational and non-political. The Liberal party has never yet been able to show that any gain to Canada could result from the policy of permitting other countries to manufacture such goods as we can make ourselves. As all cannot guide the plough or till the land, it follows that the workshop must be called upon to give employment to large numbers of our working classes, whose tastes and training do not fit them for the pursuit of agriculture. As is well understood, also, the

tendency of the age is more toward urban than country life, and the city and town possessions attractions to some nature which are almost irresistible. Lower the tariff—sweep away protection—and the foreign goods from foreign climes will quickly down all we can attempt. There was a good deal of grumbling and gloom during the Mackenzie assay from 1873 to 1878. Most of us have seen with our own eyes the rapid strides that the Dominion has made since the adoption of Protection as a national policy; since the late Sir John A. Macdonald gave hope to the country after the overthrow of the Mackenzie-Dorion Cabinet. And yet there are those who, in the mistaken belief that "free trade as they have it in England"—to quote Mr. Laurier's words—is good for Canada, would revert to the depression of those dark days.

In 1879 Sir John A. Macdonald and his Government arranged a system under which our manufacturers could with confidence erect workshops, provide machinery and enter upon home industries, thereby giving employment to additional thousands of men and women. It is now proposed by the Liberal party under the Hon. W. Laurier and Sir Richard Cartwright, to undo all this; to reduce the tariff on the entry of foreign-made goods; practically to destroy and render worthless the factories and the machinery that have been provided, in order to carry out the exploded theory of "free trade." On four occasions, at general elections, Canada has declared against this backward course; and yet, with a sort of fanatical zeal, which always actuates the partisan, the Liberals are ready for the fifth time to foist their illogical theories on the country. If they examine their position carefully they might just find a great degree of uncertainty on this vital question within their own ranks. To those Reformers who are not sound free-traders, they point to remedial legislation on the Manitoba school question, endeavoring thereby to keep them within the party lines on that issue. Are the intelligent electors prepared to be hoodwinked in this specious manner? Do they really believe that after all that has been said or proposed in this school conflict there is enough to warrant their surrender of Protection? If Mr. Laurier should attain power, will he not be compelled, in order to satisfy his fellow-countrymen and co-religionists, to promote some legislation akin to the Remedial Bill of Sir Mackenzie Bowell's Government? Most assuredly, or he would be quickly displaced.

Are the electors prepared, then, to be caught in the freely baited trap, to give up their industries to the United States? The dried-in-the-wood Liberals are beyond hope; they will go with their party if the heavens should fall but there is a large mass of the electorate who are so independent of mere party ties as to be able to throw the scales if they will only where their true interests lie. To the "free and independent" voters the country looks with confidence to those men who, untroubled by party passions, and free from the lash of

the party caucus, will dare to mark their ballots in favor of the party whose policy will give them national property, and put an end forever to attempts to upset our present fiscal arrangements. That protection to native industry is the keystone of the Conservative platform must be kept present to the mind of every artisan and workman. If these allow themselves to be led away by side issues, which, after all, are more matters of sentiment, they will imperil, if not utterly destroy, their best interests.

## THE BAY OF QUINTE DISTRICT.

The convention for East Hastings of those opposed to the Government, which was held at Melrose yesterday, was very thinly attended. At no time were there more than one hundred persons present, and there was a conspicuous lack of enthusiasm. The tending of the nomination to Mr. R. C. Clute, Q.C., of Toronto, who was not present, and had not signified his acceptance, is looked upon here as a sure sign that the Liberal party will not contest East Hastings, because Mr. Clute cannot fail to be impressed by his experience in the West Riding in 1891, when Mr. Corby defeated him by 380, and a survey of the field in the East-Riding will not tend to give him any hope of victory.

Nor will the Liberals have a candidate in West Hastings, or in North Hastings, or in Prince Edward, or in Lennox. What has become of the once-great Liberal party in this district, who at one time held West Hastings, East Hastings, Prince Edward and Lennox? In all the counties which border on the Bay of Quinte there is but one Liberal candidate in the field, namely, in Adolph, while the Conservatives have nominated strong men in all the constituencies excepting West Hastings, the nomination for which will take place on Wednesday of next week, the 20th inst.

## EDITORIAL BRIEFINGS.

The Ontario says that Sir Oliver Mowat will enter the Senate after the election. Well, we don't suppose that Sir Charles has promised Sir Oliver a Senatorship, but it is not probable that Sir Charles will refuse when Sir Oliver sends in his application.

If Sir Oliver Mowat and Mr. Laurier—in this order the Ontario gives their portraits—as are as black as our contemporary prints them, they had better get the color removed from their faces before they go before the public.

Also 'poor Laurier! He plays second fiddle' to Sir Oliver Mowat in the columns of the Ontario.

**Facts for Canadian Farmers.**

What has the N.E. done for the Canadian farmer?

It has protected, stultified, and extended the house market.

It has assisted the farmers in perfecting their products, and in placing them on the English market in the best condition by means of cold storage.

Would a Liberal Government adopt the same policy?

No, the encouragement of any industry is contrary to the principles of "free trade as it is in England."

## If One Is At a Loss

To know just what paper to use in one room or another, there is nothing so universally good, always pretty, and invariably in keeping with everything, as the small detached pattern.

It suits a large room or a small one, looks well on the high wall or the low, and is in place upstairs or downstairs, or on the stairway between the two.

We have some particularly graceful designs in our stock on this order—delicate, yet vigorous. They form a very good background for pictures, and yet, in themselves, are a satisfying decoration without them.

## WEST HASTINGS ELECTION.

A meeting of the West Hastings Liberal Conservative Association and the supporters of the Dominion Government will be held at

Alberta Hall, Belleville,

Wednesday, May 20th, '96

AT 2 O'CLOCK P.M.  
For the purpose of NOMINATING A CANDIDATE for West Hastings for the coming election for the Dominion Parliament.

J. S. DENCH, J. F. WILLS,  
Pres. W.H.L.C.A. Sec. W.H.L.C.A.  
Belleville, May 12th, 1896.

GOD SAVE THE QUEEN.

## NOTES OF THE EAST HASTINGS FIZZLE.

It was not, said "chief cook" Vermilyea, a "Reform" convention; but the call for it was signed by Wm. Stoddart, ex-President, and N. Vermilyea, Secretary of the Reform Association.

Strange to say, also, the President of the Reform Association was voted to the chair.

No doubt the executive of the Reform Association of Ontario are very anxious about Hastings. They may as well see their minds at once, however, by giving up any delusive hopes that they may have entertained of winning a seat in this county.

Mr. Vermilyea's angling for the Patron candidate, as described by himself, was very amusing. The big fish refused to bite; and no wonder, considering that the man who had the audacity to throw out the baited hook was the same individual who, in his attempt to catch the Patron opponent in 1894, "caught a Tartar."

Mr. Peter Murphy, of Steno, was very

could in his statement as to the position of his co-religionists. Mr. Chute will not realize Mr. Murphy's expectations by being a candidate.

Mr. Vermilyea's attack upon Dr. Carr was refreshing. In this combat (politically speaking, of course) the INTELLIGENCER is as impartial as the woman was in the fight between her husband and the bear—that is to say, we don't care which whips. If those dear brethren in "Reform" were (politically speaking again) to emulate the exploit of the Kilkenny cat, we cannot imagine who would shed a tear or pronounce a eulogy over them other than "He was a good agitator, anyway!"

As to Mr. Barron, the organizer, it need only be said that he did his best to earn his day's pay by foul-mouthed abuse of the Premier, but the election of East Hastings does not need the assistance of a professional Grit in order to come to a determination with regard to their own affairs. Mr. Barron's (appropriate) visit will not be fruitful of good to his party in this part of the country. Let Mr. Barron, the defeated of North Victoria, show that he is more than a mere self-inflated wind bag by meeting an opponent in his old constituency.

## WISE COUNSEL.

We commend to the consideration of those Conservatives who have been led by wily misdirection of the Grits—whether disguised as McCarthyites or P. P. A.—to regard the Manitoba school question as above all others, the following wise words of the Winnipeg Free Press, a Liberal journal. With their attitude on the School Question defined by the leaders of the two great parties within the last few days, the other two here are almost, for the first time in a position to obtain full knowledge of the issue, having a Canadian public question. It has been our misfortune that, partly from the very nature, and partly from the efforts of politicians to use it, the question has been surrounded with mists of feeling and prejudice. But the people of Manitoba are steadily fast and clear-sighted with those of the other provinces. It may then, from be confidently anticipated, whether Sir Charles Tupper or Mr. Laurier comes into power next month, our Provincial Government will receive and act upon proposals for a settlement which will permanently end the long agitation. For this reason the decision will be wise if they refuse to admit it to fill the political horizon during the contest. There may be other matters affecting the material progress of the country in the background, which cannot be put "till the morning," but they will not be of the same importance as the settlement of this question.

## THE CONSERVATIVE PLATFORM.

1. The National Policy.
2. Preferential Trade Within the Bounds of the Empire.
3. Fast-Atlantic Service.
4. Pacific Cable.
5. Justice to Minorities.
6. Development of Agriculture.
7. National Defence.
8. Encouragement of Immigration.
9. Admission of Newfoundland to Confederation.
10. Maintenance of Canadian Credit.

## PROTECTION HELPS TRADE.

The Liberals profess to believe that Protection injures commerce and that Free Trade helps it. Experience can easily answer this question. Let us see just how the Liberal idea of Free Trade acted upon Canadian commerce. The Liberals took office in 1873 and retired in 1878. The following figures show the effect of their administration upon the exports of Canada:

The mine	\$ 2,718,191	\$ 2,552,782
- Fisheries	1,720,277	6,852,195
- Forestry	8,383,429	8,062,139
- Farm	20,149,537	3,825,011
Manufactures	21,169,173	17,750,776

Thus, under Free Trade, we lost in commerce, and lost heavily. Let us see, now, the tale that the official returns tell regarding the effect of Protection upon the various interests. The following table puts side by side our export trade in 1878 and the export trade of 1894:

The mine	\$ 2,702,782	\$ 2,709,337
- Fisheries	6,852,195	11,102,092
- Forestry	8,062,139	6,852,195
- Farm	3,825,011	25,729,622
Manufactures	17,750,776	57,235,800

No man of common sense who carefully examines these figures can maintain that the experience of Canada is opposed to Protection. On the contrary, in five years of so-called Free Trade, we lost ten millions of export trade, whereas in seventeen years of Protection we have gained \$38,000,000.

## A SHORT MEMORY.

Mr. Nathaniel Vermilyea declared at the Halton convention that he would support a Patron in preference to a Tory. Can this be the same Nathaniel Vermilyea who, in May, 1894—but two short years ago—proposed that the Tories unite with the Liberals to smother the Patrons in the then pending election of a member to represent East Hastings in the Ontario Legislature?

Could the fact that Mr. Vermilyea was the Patron candidate in that election and that he was opposed by a Patron have had any influence on Mr. Vermilyea's opinion at that time?

Can Mr. Vermilyea have forgotten those facts, or does he imagine that the Conservatives whose support he sought on that ground, have forgotten them?

Truly, with some people "it makes all the difference whose ox is gored."

## A GOOD BEGINNING.

If, as the old proverb has it, "We'll be as a half done," then the Conservative campaign in West Hastings is in a most satisfactory condition. Never, within our recollection, has there been a more representative gathering of the party than that which was held in Alberta Hall last night, and a more earnest and luminous one. Every one seemed to feel that a crisis is at hand—that the existence of that commercial policy which has saved our industries from being crushed under the Japanese flood of Yankee over-production—over our country at slaughter prices—was in deadly peril at the hands of the party led by Mr. Laurier and piloted by Sir Richard Garfield, the arch-enemy of Protection.

and evinced a determination to raise high over the standard of the National Policy, inscribed with the new and dazzling project of "Preferential Trade within the Empire."

The speakers were inspired by the grand and sympathetic audience and admirably championed the policy of the party.

Trenton and Sidney are also fully awake to the importance of the occasion, and will heartily sustain the party policy.

It will be with no divided front that the Conservatives of West Hastings will march to victory at the polls on June 23rd next.

## THE COMING CONVENTION.

At last night's meeting Mr. Corby stated that the Conservatives of Trenton, with their usual enthusiasm, have determined to come in force to the convention on Wednesday next, and for that purpose have engaged bands of music and all the rig paraphernalia in the town. Sidney will also be largely represented.

It therefore becomes the duty of the Conservatives of Belleville to pay their comrades of Trenton and Sidney the compliment of out-numbering them in the convention.

All supporters of the Government will receive a hearty welcome.

## THE NORTH RIDING.

The Liberals are to hold a nominating convention at Madoc on the 19th inst. Mr. J. D. Edgar, ex M.P., (the "machine politician" whom his fellow-Grit John Charlton accused in a letter in which he expressed his real sentiments) and (organizer) Barron are to be present. The chances are that no candidate will be nominated.

## If One Is At a Loss

To know just what paper to use in one room or another, there is nothing so universally good, always pretty, and invariably in keeping with everything, as the small detached pattern. It suits a large room or a small one, looks well on the high wall or the low, and is in place upstairs or downstairs, or on the stairway between the two. We have some particularly graceful designs in our stock on this order—delicate, yet vigorous. They form a very good background for pictures, and yet, in themselves, are a satisfying decoration without them.

## WEST HASTINGS ELECTION.

A meeting of the West Hastings Liberal Conservative Association and the supporters of the Dominion Government will be held at

The City Hall, Belleville, on

Wednesday, May 20th, '96

at 2 O'CLOCK P.M.

For the purpose of NOMINATING A CANDIDATE for West Hastings for the coming election for the Dominion Parliament.

J. S. DENOH, J. F. WILLS, Pres. W.H.L.C.A. Sec. W.H.L.C.A.

Belleville, May 19th, 1896.

GOD SAVE THE QUEEN.

The Convention.

To-morrow afternoon at 2 o'clock, the Conservative of West Hastings will meet at the City Hall for the purpose of selecting a candidate for the Commons.

All supporters of the Government are cordially invited to attend.

WHO WILL SERVE THEM BEST?

The so-called "Patron" wing of the Grit party in Prince Edward profess to have their support of Mr. Pettit on the fact that he is a farmer.

But Mr. Boulter is also a farmer, and on a much larger scale than Mr. Pettit, if we are correctly informed.

More than that: Mr. Boulter was the pioneer in this part of Canada at least, of an industry which is of enormous importance to farmers, namely the canning of fruit and other products of the farm.

He has large canning factories at Picton and at Toronto, and pays out hundreds of thousands of dollars annually to farmers for the products of their farms, and thus furnishes profitable employment to a large number of tillers of the soil, besides the people in his factories.

Clearly then, Mr. Boulter, whose all is invested in agricultural industries, is as deeply interested as any person can be in the welfare of the farmers—of the class of whom he is one of the most able and best known members, and who has during many years been chosen by them to positions in which knowledge and honesty were absolutely necessary.

As a business man Mr. Boulter has shown highly satisfactory qualifications. He has succeeded in establishing, after many years of toil and at times great discouragement, a successful business. He has been chosen as the head of the Canadian association of packers of canned goods and gave much satisfaction in that position that he was several times re-elected and was sent as one of their representatives to the Continental exposition and to important meetings of associations in the United States, where inferior men would be out of place.

It is impossible, in face of these facts, to assert that Mr. Boulter is not in all respects better fitted to represent the beautiful and fertile country of Prince Edward than the gentleman who has been nominated against him.

Mr. Boulter will, if elected, go to Parliament as a man well-known throughout the country as the head of one of the most important and most promising agricultural industries; as a life-long unwavering supporter of the party which will rule in Canada for the next Parliamentary term. He will therefore hold an influential position from the first, and be in a much better position to serve the interests of his constituents than could any gentleman elected by an association which is hostile to the Government.

AN "INDEPENDENT" JOURNAL.

We seldom refer to the Sun's oft-repeated assertions about circulation, and now when it claims to have the most Conservative readers of any newspaper in town, we don't feel jealous—not a little bit; for then we know that the Sun is really independent in one sense—indeed of the truth. These are assertions that some papers are liable to make, but had it more Conservative readers than the INTELLIGENCER it would scarcely have found it necessary to give the INTELLIGENCER carrier boys free copies of the Sun for distribution to our readers, or perhaps that was the particular point on which its Conservative readers were so many. Yet for the edification of our readers who may take the Sun was waste, without fear of contradiction, that it is the only independent paper in Ontario favored with the patronage of the City of Belleville. That is remarkable fact No. 1, and remarkable fact No. 2, that there are two Independent candidates in the field for Parliament in West Hastings, and it does not support either of them.

## THE RUSH WAS IMMENSE

Our Most Sanguine Expectations More than Realized.

Never before in the history of the Clothing Trade in Belleville were clerks kept so busy, or the throng of eager buyers so great as that which attended Gough's Great Composition Sale on Saturday last.

Profit was sacrificed on the altar of popularity, and every body went away more than satisfied and delighted with their bargains, and no wonder, as owing to our composition at 35c on the \$.

BARGAINS We Were in a Position to Give;

BARGAINS We Advertised, and

BARGAINS We Did Give.

Remember this great stock amounted to nearly \$25,000 of the most Reliable, Fashionable and thoroughly up-to-date Clothing, Gents' Furnishings, Hats, &c., in Canada, and we have placed in reserve on it. Novelties, we would remind the public that those who attend before the sizes are broken will naturally have an advantage in way of fit, &c.; and at the same time a greater range to select from. We cannot afford to state anything but plain truth in our advertisement, and anyone who will take the trouble can verify any statement we make.

We told you when we came here that we "came to stay," and stay we are going to. Ask our landlord how long our lease has to run yet, and he will tell you ten years! Yes, and likely ten years after that; therefore we warn the public to pay no attention to any report jealous merchants may say about us, particularly about us leaving here; there is not a particle of truth in it; on the contrary we intend to extend and magnify until we have one of the largest departmental stores in Canada. Our great aim, however, just now is

To Clear Out Our Present Stock,

and we assure you the public will hear great things from GOUGH and his big store in the future. In the meantime don't forget our

is now humming, and it is a Chance of a Lifetime to Secure Such Bargains!
